- 8:15 p.m.** **Committee Questions and Discussion on the Design**
- 8:50 p.m.** **Proposed format for upcoming public meetings**
 --Margaret with committee discussion
- 9:00 p.m.** **Adjourn**

Meeting Preparation and Discussion Guide

The primary focus of this meeting will be on the design as it has been developed to date. Terry Reckord will describe what he has done with the trail design; how he has addressed key issue areas, etc. The committee will have the opportunity to ask questions and discuss this stage of the design with Terry.

Margaret will discuss a proposal for the committee's work through the summer. Margaret has written a separate memo and a "checklist" that describes this work, which is attached to this agenda. It is hoped that the committee can agree on this approach.

At the last CAG meeting, members asked for a sit-down session with the Cascade Bicycle Club regarding behavior modification for speeding cyclists. So, representatives of the Club will be on hand to talk about the educational efforts they have underway. We only have time for a very short presentation at this meeting, but should be able to have more sessions with the Club at future meetings.

Finally, we will share the draft agendas for the upcoming homeowner and public meetings, and will ask for your advice on how to make these meetings as effective as possible.

See you Tuesday evening at City Hall!
